**STATE OF MISSISSIPPI  
DEPARTMENT OF CORRECTIONS**

Robert L. Johnson  
Commissioner

Dear Fellow Mississippians:

The Mississippi Department of Corrections (MDOC) is charged with the mission of protecting public safety while providing for the care, custody, control and treatment of individuals convicted of felonies. In Mississippi, there are more than 30,000 individuals convicted of felonies that MDOC is responsible for overseeing.

MDOC's annual report details our accomplishments for 2000-2001 as well as provides a snapshot of the felony population in the state. There are a few accomplishments that I would like to highlight.

- The MDOC has been in compliance with the county jail portion of the Gates v Collier federal court order for the entire reporting year. This compliance is significant in that it is the last remaining portion of the court order being monitored by the federal courts.
- The MDOC has reduced its composite average annual inmate cost by more than \$1,500. The current annual cost is \$13,994 compared to \$15,662 in FY 2000.
- The MDOC is aggressively working towards achieving American Correctional Association (ACA) Accreditation. This achievement underscores the MDOC's commitment to providing for public safety and offender custody through nationally accepted standards and practices.
- The MDOC has successfully completed a Strategic Plan that provides the agency with a roadmap in strengthening its mission to the public, offender custody and care, and in the professional development of corrections professionals.

The Mississippi Department of Corrections is proud to present to you the accomplishments of the agency from July 1, 2000 through June 30, 2001. We look forward to achieving greater success in the coming months as we strive to proactively work toward identification of solutions to provide long-term prison overcrowding relief, increase opportunities to provide rehabilitation, and reduce recidivism. It is our hope in achieving these goals that we will also be able to reduce the escalating fiscal burden on state revenues.

Sincerely,

  
Robert L. Johnson  
Commissioner

# INSTITUTIONS

## Quick Facts

The Mississippi Department of Corrections (MDOC) Division of Institutions has oversight over three state institutions, 10 county regional facilities, five private prisons, the classification and records division, treatment and programs division, and agricultural enterprises. The division is lead by Deputy Commissioner Christopher Epps.

The Central Mississippi Correctional Facility (CMCF) located in Rankin County, Miss. serves as the receiving and classification facility for all persons convicted of felonies. CMCF is the second oldest state facility, having opened in February 1986. CMCF serves as the only state institution to house female inmates. The institution's capacity on June 30, 2001, was 3,049. CMCF houses male inmates with special needs, to include male inmates who are disabled and require medical treatment in the Jackson area.

The Mississippi State Penitentiary (MSP) located in Parchman, Miss. serves as the maximum-security facility and houses only males convicted of felonies. MSP is the oldest and largest state prison, occupying more than 17,000 acres. The institution's capacity on June 30, 2001, was 5,631. MSP operates the Agricultural Enterprises division, which planted and harvested more than 4,231 acres of vegetables, rice, wheat, soybeans and corn.

The South Mississippi Correctional Institution (SMCI) located in Leakesville, Miss. serves as a minimum to medium custody facility and houses only males convicted of felonies. SMCI is the newest facility, having opened in 1989. SMCI occupies approximately 360 acres. The institution's capacity on June, 2001, was 2,214.

The MDOC has a contract with ten county regional facilities to house a minimum of 200 state inmates daily. These ten county regional facilities follow the policies and procedures established by the MDOC. They include:

Bolivar County Correctional Facility  
Carroll County Correctional Facility  
Holmes County Correctional Facility  
Issaquena County Correctional Facility  
Jefferson County Correctional Facility

Kemper County Correctional Facility  
Leake County Correctional Facility  
Marion County Correctional Facility  
Stone County Correctional Facility  
Winston County Correctional Facility

The MDOC has a contract with five private prisons to house up to 3,400 state inmates. They are:

Delta Correctional Facility in Greenwood, Miss., houses medium-custody male inmates.

East Mississippi Correctional Facility in Meridian, Miss., houses special needs male inmates.

Marshall County Correctional Facility in Holly Springs, Miss., houses medium-custody male inmates.

Walnut Grove Correctional Facility in Walnut Grove, Miss., houses youthful offenders under the age of 20.

Wilkinson County Correctional Facility in Woodville, Miss., houses male inmates under protective custody.

## Highlights

- The MDOC Division of Institutions had no major security threats or escapes at the three state institutions the entire year.
- Commissioner Robert L. Johnson named two new Superintendents. Lawrence Kelly, a 19-year veteran of corrections and public safety, became Superintendent of the Central Mississippi Correctional Facility. Emmitt Sparkman, a 25-year veteran of corrections, became Superintendent of the Mississippi State Penitentiary. Both Kelly and Sparkman began as Superintendent's on June 1, 2001.
- The three state institutions began the process of achieving American Correctional Association (ACA) Accreditation. Contracts were signed with ACA and each institution began its review of policies and procedures and facility needs.
- The Division of Institutions introduced new security measures at the three state institutions, including replacing personal hygiene and other commissary items used by inmates as weapons. The list of new commissary items included clear soap, shampoo, shaving gel and toothpaste; writing pens no thicker than a quarter of an inch; handleless toothbrushes; and razors with blades that immediately break into small pieces when tampered with.
- MDOC Commissioner Robert L. Johnson appointed a 15 member HIV/AIDS Task Force in November 2000. This task force recommended eleven specific recommendations to Commissioner Johnson on March 30, 2001. The recommendations began the gradual integration of HIV-positive inmates into programs, beginning with Adult Basic Education, GED and Pre-Release and then into vocational programs.
- Inmates assigned to the State's three institutions completed a total of 188,643 man-hours of public service work off institutional grounds. This equates to \$971,511.45 in free labor to communities located near the three institutions when calculated using minimum wage earnings of \$5.15 per hour.
- Central Mississippi Correctional Facility Case Manager Carole Hawkins received the "Administration of Justice" award from Mississippi College's Administration of Justice Award.
- Mississippi State Penitentiary Therapeutic Pre-Release academic instructor Diana Jackson was named "Teacher of the Year" by the Correctional Education Association (CEA).

## Quick Facts

During FY2001, inmates worked 585,480 hours in the MDOC Agricultural Enterprises (AE) program. The AE program has a total MDOC staff of 17, with three contract employees.

On June 30, 2001, the AE Special Fund had a balance of \$2,280,792. Cash income received for AE, including deposits in transit, totaled \$3,629,267.

AE sold eggs and vegetables to several private correctional institutions and regional facilities to generate cash dollars of \$51,008.40.

AE began construction of a feed mill that will consist of three 42,000 bushel grain bins. AE anticipates saving \$100,000 per year in feed cost due to the construction of the feed mill.

# COMMUNITY SERVICES

## Programs

The Division of Community Services is charged with the supervision of offenders that are still under the jurisdiction of the state but are not currently incarcerated. The division conducts field supervision of offenders and oversees a variety of programs that afford offenders an opportunity to re-assimilate into the community.

### Field Services

The Field Services component of the Division of Community Services is responsible for the supervision of offenders released on parole, earned release supervision (ERS), and sentenced by the court to probation.

### F.R.E.E. (Facing Reality Educationally and Emotionally)

The MDOC Community Services division has eight F.R.E.E. treatment coordinators located statewide that assist field officers in monitoring offenders treatment needs for substance abuse. In addition, treatment coordinators teach a structured life skills curriculum twice a month to assist offenders in other areas of their life that have been affected by their substance abuse problems.

### Interstate Compact

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the Mississippi Department of Corrections (MDOC) provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

### Pre-Trial Diversion

The Pre-Trial Diversion program is an alternative to felony conviction in which a defendant voluntarily submits to supervision ranging from six months to three years. Charges against the offender may be dismissed if the period of supervision is successfully completed.

### Intensive Supervision Program

The Intensive Supervision Program (ISP) is designed to provide a level of supervision in a community setting to offenders who would otherwise be incarcerated. Offenders are required to wear electronic monitoring equipment are limited in most cases to employment, treatment, and worship services activities. Each offender in ISP maintains inmate status and can be immediately placed in an MDOC facility upon violation of the program.

## **Drug Urinalysis Labs**

Community Services field officers are responsible for routine and reasonable suspicion drug testing of offenders and random drug testing of 15% of the offender population each month.

## **Restitution Centers**

There are four restitution centers in Mississippi that assist offenders in obtaining employment as a condition of their probationary sentence. Money earned by offenders is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the offenders' wages, after taxes, goes to the offender's family or to the offender's holding account. Upon completion of the program, residents are transferred to a field officer and remain under supervision for the remainder of their probationary sentence.

## **Community Work Centers**

The MDOC Community Services Division oversees 17 Community Work Centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual, re-introduction into community life. The program includes alcohol and drug counseling, Adult Basic Education and GED preparation, literacy classes and religious programs.

Each Community Work Center houses approximately 75 inmates that perform a wide range of labor at no cost to city, county and state government agencies and to school districts. This work ranges from community beautification projects to bridge and road work repair, vehicle maintenance, and water, sewer, and sanitation details.

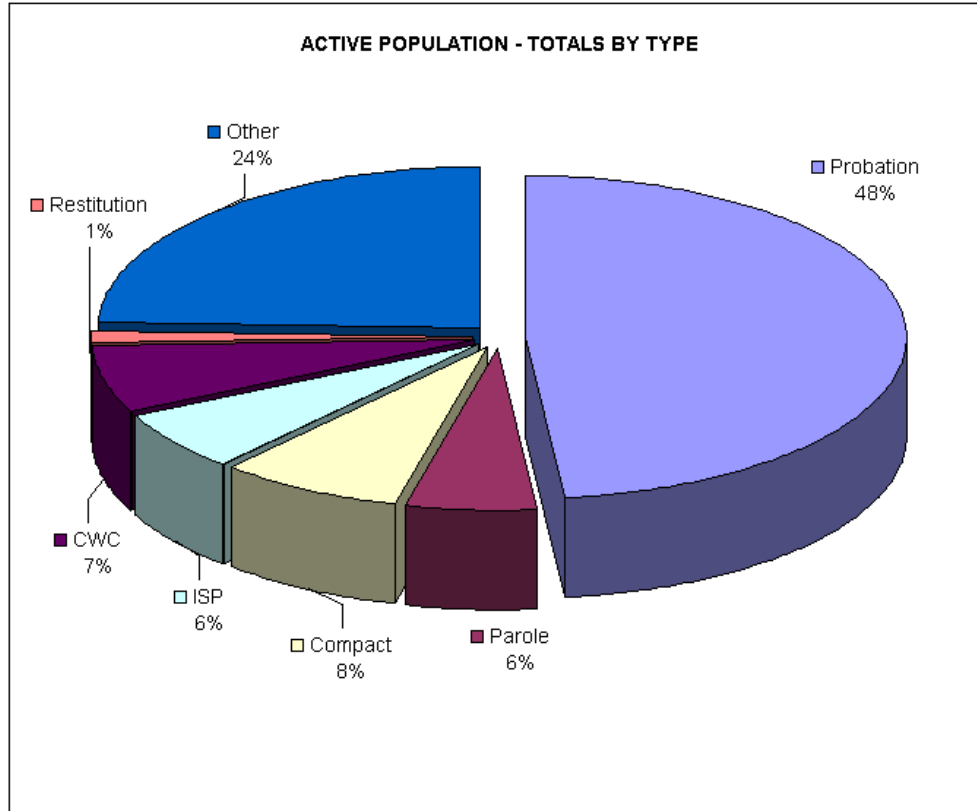

## **Inmate Labor**

The offenders that serve their sentences in Community Work Centers and Restitution Centers provide free labor to municipalities, counties and other state agencies. Some of the work they perform includes highway beautification, facility maintenance, road work, and equipment maintenance. In FY 2001, the offenders in the Community Work Centers provided entities with 185,183 total inmate hours, valued at minimum wage to equal \$11,826,789.60 in free labor. For the same 12 months the residents in the Restitution Centers provided entities with 39,639 total inmate hours, valued at minimum wage to equal \$204,140.85 in free labor.
